Policy and Procedures Update

» UCF recently adopted a fall start date for our catalog year. Students who begin with us in summer 2021 will be pushed to the 21-22 catalog year to help with the transition.

» We are eager to connect early with students who plan to transfer to UCF and hope to pursue a CAH major.

» Critically important that students be advised of the relevant prerequisite courses for all majors as well as specific admissions information for restricted access programs.
Organizational Updates

Digital Media and Film (BA and BFA) programs are no longer housed in CAH; they are now housed in COS.
Advising Initiatives

» All students with a declared major in CAH are assigned a CAHSA advisor, who will work with the student from orientation through graduation.

» We have shifted to a cohort advising model in order to track progression to graduation for all CAH students.

» It is our goal to have all transfer students graduate within two years of starting at UCF. We need your help to make that possible!
Key Points

» Foreign language proficiency – CAH does not accept ASL courses for the graduation requirement.

» If you have any questions or need to refer any students, please contact me at delia.garcia@ucf.edu and we will be happy to help.

» We hope to graduate each transfer student within two years of arriving at UCF.
